## A quick guide to Bajaj Allianz Fund Performance

October 2023

After achieving the milestone of 20000 in Sep'23, the Nifty-50 consolidated in Oct'23 due to the uncertain global environment (including the ongoing conflict in the Middle East), volatile crude oil prices, rising US bond yields and significant selling by foreign institutional investors. The, Q2 FY24 corporate earnings so far in India have been in line with expectations, with growth driven by the Banking, Financial Services and Insurance (BFSI), Oil & Gas, and Automobile sectors.
