

## July 2024

The Union budget 2024-25, demonstrated a balance between maintaining the momentum of recent initiatives and outlining a vision for future economic growth. The budget demonstrates the government's commitment to fiscal prudence and long-term planning. The budget's themes were Skilling, Employment, MSMEs and Middle Class. At the core of the budget lies a focus on fiscal consolidation. The government has revised fiscal deficit target downwards to 4.9% for FY25 vs 5.1% estimated in the interim budget in Feb'24 earlier, better than market expectations and showcasing its dedication to sound financial management.
